

Microbiology & Fermentation

Creating value, growing together

Microbiology | 02/2016

A Global Distributor of Fine Chemicals & Nutrients for Microbiology & Fermentation

For pricing, availability and technical information, please contact customer service at [1-844-271-7878](tel:1-844-271-7878) or you can email customer service at csr@marcordev.com to reach your local sales representative.

Premium Microbiological Products

Animal Source Peptones & Other Hydrolysates

Fish Peptone

Meat Peptone (Bovine/Porcine)

Gelatin Peptone

Casein Peptone

Tryptic Digest of Casein/Tryptone

Acid Digest of Casein- Low Salt

Pancreatic Digest of Casein

Casamino Acids

Trypticase/Tryptose

Lactoalbumin Hydrolysate

Poultry Hydrolysate

Casein Hydrolysate

Porcine Hydrolysate

Bovine Hydrolysate

Fish Hydrolysate

Animal-Free Peptones & Other Hydrolysates

Soy Peptones & Non-GMO Soy Peptone

Pea Peptone

Rice Peptone

Cottonseed Peptone

Wheat Peptone

Corn Peptone

Potato Peptone

Mixed-Source Peptone

-Martone

-Freetone

Proteose Peptone

Pea Hydrolysate

Corn Hydrolysate

Potato Hydrolysate

Wheat Hydrolysate

Barley Straw Hydrolysate

Soy Hydrolysate

Agars

Media/Bacteriological Grade Agar

Insect/Entomology Grade Agar

Food Grade Agar

Chromogens, Fluorogens & Inducers

Isopropyl- β -D-thiogalactopyranoside

4-Methylumbelliferyl- β -D-glucuronide

4-Methylumbelliferyl- β -D-galactopyranoside

4-Methylumbelliferyl- β -D-glucopyranoside

4-Methylumbelliferyl- β -D-nonanoate

3-Indoxyl- β -D-glucuronide-cyclohexylammonium

5-Bromo-4-chloro-3-indolyl- β -D-galactopyranoside

β -Nitrophenyl-N-acetyl- β -D-glucosamide

Bile Products

Ox bile/Ox gall Bacteriological Grade

Bile Salts No.3

Deoxycholic Acid, Sodium Salt

Acidulants

Acetic

Ascorbic

Benzoic

Citric

Fumaric

Gluconic

Glucono-Delta-Lactone

Lactic

Malic

Phosphoric

Sodium Citrate

Tartaric

Defoamers

Oi-based, Silicone & Water-based

Emulsifiers

Lecithin

Sorbitan

Propylene Glycol Alginate

Marcor Development Corporation Premium Ingredients are used in:

- Standard & Industrial Fermentation
- Probiotic Production
- Enzyme Production
- Cell & Tissue Culture
- Standard & Specialty Media Formulations
- Bioremediation
- Brewing, Wine Making & Food Fermentation
- Molecular Biochemistry Research & Development
- Veterinary Care Products
- Immunotherapy Agent Manufacturing

Premium Microbiological Products

Polysorbates

Mono & Diglycerides

Polyglycerol Esters

Minerals

Calcium Citrate

Calcium Lactate Gluconate

Potassium Citrate

Tri-calcium Citrate

Tri-magnesium Citrate

Zinc Citrate

Humectants

Glycerine

Propylene Glycol

Sorbitol

Lubricants

Petrolatums/Mineral Oil

Silicone Emulsions

Trough Grease

Phosphates

Calcium Phosphate

Potassium Phosphate

Sodium Phosphate

Yeast

Inactive Dry Brewer's Yeast

Baker's Yeast

Yeast Extract

Yeast Autolysate

Preservatives

EDTA

Calcium Lactate

Potassium Benzoate

Potassium Lactate

Potassium Sorbate

Sodium Benzoate

Sodium Erythorbate

Sodium Lactate

Potassium Benzoate (Benzoic Salt)

Stabilizers

Carboxy Methyl Cellulose

Carrageenan

Guar Gum

Gum Arabic

Locust Bean Gum

Xanthan Gum

Vegetable Oils

Canola

Soybean

Enzymes

Plant

Bromelain

Papain

Nattokinase

Animal

Chymotrypsin

Lipase

Pancreatin

Pancrealipase

Pepsin

Superoxide Dismutase

Trypsin

Fungal/Microbial

Acid Protease

Alpha Galactosidase

Amylase

Beta- Glucanase

Bromelain

Catalase

Cellulase

Chymotrypsin

Premium Microbiological Products

Endo Amylase
Endo Pectinase
Endo Protease
Exo Peptidase
Glucoamylase
Glucose Oxidase
Hemicellulase
Invertase
Lactase
Lipase
Malt Diastase
Maltase
Maltose
Nattokinase
Phytase
Serratiopeptidase
Xylanase

Fine Chemicals for Molecular Biology

Buffers
HEPES
Tris Base
Tris, HCl
MOPS
MES

Amino Acids

L-Cysteine HCl (Anhydrous)
L-Cysteine *H₂O
L-Cystine
L-Arabinose
D-Galactose
D-Mannose
L-Isoleucine
L-Leucine
L-Valine

Antibiotics & Selective Media Reagents

Cefsulodin
Vancomycin
β-Lactams
Esculin

Miscellaneous & Bulk Culture Media Ingredients

Beta Glucan
Maltose
Lactulose
Inulin
Beef Extract Powder
Pork Heart Digest
Brain Heart Infusion
Custom Blend Tryptic Soy Powder
Hog Intrinsic Factor
Lactoferrin
RNA, Sodium Salt
Chitosan
Ethyl Alcohol
Hyaluronic Acid Sodium Salt
Corn Steep Liquor Powder
Sodium Bicarbonate
Isinglass (Fish Gelatin Protein for Fining)
Zinc Oxide
